B. NATIONAL VALUES EDUCATION

Instruction: Attempt all questions

Preamble:

Federalism is an arrangement whereby powers of government within a country are shared between a national, countrywide government and several regionalized (i.e., territorially localized) governments in such a way that each exists as a government separately and independently from others, operating directly on persons and property within its territorial area, with a will of its own and its own apparatus for the conduct of its affairs. Nigerian federalism is thus essentially an arrangement between government, a constitutional device by which powers are shared among three levels which are the federal (central), state and local governments.

Now, answer these questions:

1. Complete the table below

N	Levels/Organs of Govt.	Legislature	Executive	Judiciary
1	Federal Government			
2	State Government			
3	Local Government			

Fix in the offices in each arm and level of government appropriately.

[10]

NOTE: You should write more than one office where applicable.

2. List and explain FIVE functions of ANY TWO from these arms of government.
- a. Legislature
 - b. Executive
 - c. Judiciary
